

# ANNA SCHWARTZ

AzRHA Member

**How did you get started in reining?** *I used to be a pro road bike racer. After I stopped racing I was looking for a hobby and at 40 years old I took my 1st riding lesson and loved it! It just so happened that the lesson was on a reining horse.*

**What is the best part of being a member of the AzRHA?** *The opportunity to show at well organized shows and see old friends. Everyone is always so positive even when you don't have a great ride. It's just a wonderful organization!*

**What accomplishment are you most proud of?** *I haven't achieved any of my goals in reining yet! But I have set a couple of world records in cycling, a leader in the research in cancer and exercise, and wrote a children's book enjoyed by dog lovers around the world called "Okie the Wonder Dog."*

**What is something most people might not know about you?** *I love backpacking in remote areas and being out in the wilderness.*
