

ABBY COSENZA

Cosenza Performance Horses

How long have you been training horses? *Marc and I went into business together in 1983.*

Why is being involved with the AzRHA important to your business? *Marc and I are actually founding members. We attended the very 1st meeting over 30 years ago held at Dave Belson's house. Marc is also a past president. The club is a great place to bring up new comers, but has something for everyone. And the prizes are great! We've won 6 saddles over the years.*

What are you most proud of in your career? *Having a full barn all these years and making people smile. We love helping people communicate better with their horses. So basically happy people and happy horses.*

What do you like to do when you're not at the barn or at a show? *We like to hike. We hike the trails around home, but also like to take time to go hiking wherever we go including places we judge horse shows. I also enjoy creating custom silver pieces and Marc ropes.*
