

ASHLEY WILSON-HAMMER

AzRHA Member & Volunteer

How did you get started in reining? *I grew up showing Morgans and Saddlebreds. In college I got interested in reining and got my 1st reining horse. When I moved to AZ I was able to get immersed in the reining industry and became an NRHA Professional and eventually an NRHA Judge.*

Why is the AzRHA important? *AzRHA is important because as an affiliate club it is responsible for hosting events where all levels of rider can compete. This is vital to our industry as a way of bringing new people into the sport.*

What types of things have you done for AzRHA as a volunteer? *I served on the board for 6 years, have headed the show committee, been a coach for 4 Rookie Days, and ran the youth club.*

What is something most people might not know about you? *My husband and I own a luxury camping company called H2R Expeditions. We specialize in providing fine tented camps in remote locations without sacrificing comfort, great food, and exceptional service.*
