**How long have you been in the hat business?** *I got into hat making at age 11 and opened Watson's Hat Shop in 2012.*

**Why is Watson's Hat Shop special?** *It's a family owned and operated business and all products are 100% made in the US.*

**Why is being a sponsor of the AzRHA important for your business?** *We want to be at the heart of the horse community. AzRHA members expect fine quality and that's what we provide at Watson's Hat Shop.*

**What is one important hat care tip you can share with our members?** *When you put your hat down always set it upside down and never on the brim. This will bring you not only good luck but also a hat that holds it's shape longer!*
